LIVINGSTON.

Mr. J. A. Childress is in Cincinnati this week on a pleasure trip.—Lloyd of Mt. Vernon is working a few days for John Mullins while Mullins works for Childress.—There will be a series of meetings held at the Baptist Church beginning the Fourth Sunday in this month.—G. C. Kilwell of Lebanon Junction, was in our town Sunday, bet we

can guess.—S. C. Franklin L. & N. watch inspector, was here from Mt. Vernon Sunday. He had not been here for several days. He gave as his excuse that he wanted to attend the wild west show in Mt. Vernon Saturday.—Mrs. Robt. Stephens of Habersham, Tenn., is visiting Mrs. J. M. Foure.—Miss Mae Neal, of Covington, is visiting her brother James Neal of this place.—Mrs. Alf Owens, of Mt. Vernon,

has returned home after a visit with Mrs. J. D. Hall of the Ganley section.—The wild west show that was billed to exhibit here Monday the 15th did not materialize by some means or other. Mt. Vernon detained it. Well we were not much disappointed as we were all busy and will save our quarter to get in the fair.—Mr. Joe Omary while backing his engine from Pine Hill had his head to far out the window of the

cab and struck a post and was knocked out but as luck would have it he was not seriously hurt.—Well we believe Pine Hill is to have a boom sure enough as last Tuesday there was a locomotive engine billed to that place.—Tom Elliott and Bill Pennington, have a position with the carpenters at Pine Hill and left for that place Tuesday.—Messrs A. H. Hewey and G. B. Hewey, Jr. and Miss Norma

Dawmont, of Louisville, are visiting Mr and Mrs. R. J. Lemonds.—John Mullins made Corbin turn around Tuesday.—Mr. J. T. Neighbors will take his vacation beginning Thursday. He and Mrs. Neighbors will visit in Cincinnati, Glendale and Louisville.—J. P. E. Drummond was in Lebanon latter part of the week.—George Bell, of Elowah was here Tuesday.—Mrs. W. T. Merince has returned to her home at Paris after a pleasant visit with Mrs. L. H. Davis.—Our town was greatly shocked Friday when the news was flashed over the wire that Mrs. H. D. Magee was dead. She was principally

raised here and had lived here; had lived here for several years and had a host of friends. But no matter how near and dear are our friends, when the summons comes all must submit. Mrs. Magee was the daughter of Capt. and Mrs. A. N. Bentley. She leaves a husband and an adopted daughter, father mother, brother, three sisters and a host of friends to mourn her loss. She was laid to rest Saturday in the Crab Orchard cemetery to await the resurrection morn. Our loss is her gain.—W. H. Cottogim was in Paris Tuesday.—Cam Mullins has returned from Atlanta, Ga., and was in our town Tuesday.—August 5th, is the day set apart for the second Republican convention. President Taft is going to run on and Teddy is going to have another convention. We will leave it to the world if any one ever saw the republicans in such a fix. About one in every ten is in favor of Taft and yet he is the nominee, and the republican doctrine is you must support the nominee. We see a great division in the party and yet they claim that Abraham Lincoln daddied the party, but we claim that if Uncle Abe could arise from the dead and view the party in its present condition we imagine he would say, "depart from me; this is not the party I established years ago." But for us our minds are made up. We are going quietly along until in November and then we are going to elect Wilson by the largest majority you ever heard of. You have heard of land slides but this is going to be politically an earthquake.—Mr. Andrew Howell, who has a position in Covington is at home for a few days.—Mr. C. C. Howell was in Brodhead, Sunday.—The blackberry crop is ready for harvest now and there is an abundance, while the Whortleberry industry was a great thing

here, yet the blackberry crop seems to be greater.—Farmers in this locality are just about done their crops and the prospects for good crops have never been better.—Mrs. E. L. Cockrell is visiting in Irvin.—Uncle James Mahaffy, who has been very sick, is able to be around again.—Mrs. Luther Owens and Miss Elizabeth Owens, of Quail, are visiting Mrs. John Walton and Mrs. Lee Reynolds.—Mr. and Mrs. Era Jacobson, of Louisville, have returned home after a pleasant visit with Mr. and Mrs. J. F. Neighbors.—John Quinn, who is running a bakery at East Bernstadt, was with home folks Sunday.—The Junior Order gave a free ice cream supper at the Masonic hall Saturday night and a large crowd was present and all report a nice time.—Mrs. E. J. Anderson and children visited relatives at Brush Creek, Saturday and Sunday.—Mr. R. J. Lemonds was in Lebanon, Tuesday.—The Mt. Vernon Fair, which will blossom forth like the rose, will be held in next month and may success crown the efforts of all those that have worked so hard to have a fair at our county seat.—S. E. Hellard informed us that he visited our old friend, John Farmer, of McKee, Jackson county, a few days ago, and Mr. Farmer invited him to take dinner with him but informed him that he would have preferred that he had come any other day, as his wife was preparing his favorite dish that day, which was apple dumplings. He said she always made twelve and she ate two, and he got ten, but as he would have now to divide with Mr. Hellard he would not get his full quota, but warned Mr. Hellard if he ever told it that would be the last meal he would ever give him.—Mr. and Mrs. C. A. Blanford has returned from Louisville.—The R. M. K. Flour Co. has moved their stock of goods into the property recently purchased of Mr. A. H. Hamlin.—George Pope who has been sick so long remains about the same.—Miss Nellie Farley, of Harlan, is visiting her sister, Mrs. J. R. Mink.—Mr. and Mrs. J. H. Browning and Miss Lyda Cook attended the funeral of Mrs. H. D. Magee at Crab Orchard Saturday.—C. M. Griffin, of Austerlitz, was here Sunday.—A. Pennington was in Mt. Vernon Monday.—J. B. Havse who has been very sick, is able to be at his post again.—Miss Nettie Rice, who has been visiting relatives at Paris for the past two weeks, has returned home.—L. G. Payne, the lineman, was in

Louisville the past week.—Mr. and Mrs. George O'Mary, of Jellico, are visiting their son Joe O'Mary and family.—E. L. Cockrell has repainted all of his houses which adds greatly to the looks of our little town.—Lee Chandler who is a teacher in our school here was at home at Brodhead, Saturday.—G. D. Cook has built a concrete wall in front of his lot on Main street and now we look for a nice cottage to be built there in the near future.

WILLIAMSBURG Ky., July 18

The Roosevelt Republicans of Whitley and adjoining counties are urging opposition to Congressman Caleb Powers. The two men most prominently mentioned here as Roosevelt candidates are A. T. Siler, former Railroad Commissioner, and J. C. Bird, County Attorney of Whitley County. Mr. Bird is regarded here as the most available man to make the race. He is young and aggressive and is conceded to be one of the best campaigners in this section of the State. He was one of the leaders of the Roosevelt movement in the Eleventh District for the Republican nomination and it was largely due to his management and influence and efforts that Roosevelt carried Whitley County almost unanimously in the mass convention. Mr. Bird is, well and favorably known in nearly all the counties in the District, and if he should accept the nomination on the Roosevelt ticket, there would certainly be something doing in the Old Eleventh. He is personally known to Roosevelt and no doubt his candidacy would be looked upon with favor by the Colonel.

Kokrine's Alaska June, 3rd 1912.
EDITOR, MT. VERNON SIGNAL,
Mt. Vernon, Kentucky.

DEAR MR. ALBRIGHT:

Having been asked by some of the readers of your paper to write through it's columns, concerning Alaska, and it's nature, which is a very interesting subject to write on, by a person capable of same. But I will try a very short letter, hoping it escapes the waste basket.

I am a member of the United States Signal Corps, which maintains, and operates the Washington Alaska Military Cable & Telegraph System, which consists of 2655 miles of submarine cable, 1125 miles of land line, and 9 wireless stations.

This system is maintained and operate under the direction of the Chief Signal Officers of the Army, by the officer in charge, who is stationed at Seattle, Washington. For purposes of administration and supply, the system is divided into four sections, with officers of the Signal Corps in charge. This system was built by the United States government, for the opening, and advancement of Alaska. Communications can be had with any part of Alaska of any importance.

It is Uncle Sam's intention to keep men on this duty, two years, relieving half the force each year and replacing new men. This gives the system, a sufficient amount of old men to break in the new men each year.

Alaska has several gold mining camps, which has proved to be very rich, viz: Fairbanks, Rampart, Nome, Iditarod, Ruby City, and several others. Dawson, which is in British Columbia, on the waters of the Yukon river, is one of the richest camps ever struck in this country, it is known as the Klondike region. Ruby City being a very new camp, where gold was discovered in the early spring of 1911. The camp now has a population of approximately 3000 inhabitants.

We have the Indians, known as the "Siwash", who are very peculiar in their way of living. During the winter months, they live in little log cabins, well chinked with moss, and covered with dirt. These cabins are very seldom used during the summer months, as they begin to leak as soon as the thaw-up comes in the early summer, and the Indian leaves his winter quarters and finds some little side stream, where he can catch enough fish to keep him in subsistence during the breakup of the rivers, which is very dangerous to be on the river, except on a very high point, on account of ice jamming, and piling up, which generally carries out a portion of their villages. After all danger of ice is past, they resume their summer fishing points on the river, where the squaw catches the supply of fish, by means of a wheel, which the current keeps revolving. This wheel has basket-like devices, which picks the fish out of the water and when elevated to a certain height, drops them in a box on either side of the wheel. The fishing season lasts about three months, when the tribe is compelled to return to their winter quarters. The whole tribe is together during the winter months, in a small village of cabins. In the early winter, they have great potlaches, where all the neighboring tribes gather, and where they bring their collection of blankets to distribute to the different tribes. When a member of the family of one of these Indians die, he has to get a large collection of blankets and food, which he potlaches to the dead one, which he is supposed to get somewhere, in the new hunt-

ing and fishing grounds where he has recently moved. These visiting tribes usually stay until all the grub is gone and return home hungry. From this time on until fishing season opens, they live on rabbits and wild chickens, and occasionally one of the bucks picks up enough ambition to go out and kill a bear or moose, but starvation generally drives him to this.

Alaska is noted for it's extreme cold winters. The thermometer registers as low as 80 and 90 degrees below zero.

The rivers generally freeze up in the early part of October, and are frozen solid until the general thaw in latter part of May, giving us about four months of summer, and about eight of winter, during this eight months there are no steam boats, or other transportation, other than the dog teams. All supplies are transported to this country during the summer months especially, in the central and northern part while on the southern coast, we have three short rail roads, possibly a hundred miles in length. They also have the "Esquimo," who are similar to the "Siwash".

Alaska exports some of the very best furs obtainable.

The Signal is sure appreciated by me, away here in the jungles, as it brings the news from my "Old Kentucky Home", and hope that I am not the only one who is taking the Signal north of 64.

Yours very respectfully,

C. G. METCALF.

I BUY AT HOME

Because my interests are here;
Because the community which is good enough for me to live in is good enough for me to buy in;
Because I believe in transacting business with my friends.

Because I want to see the goods;
Because I want to get what I buy when I pay for it.

Because my homedearer "carries" me when I "run short".

Because every dollar I spend at home stays at home and works for the community in which I live.

Because the man I buy from stands back of the goods.

Because the man I buy from pays his part of the town, county and State taxes.

Because the man I buy from helps to support my schools, my church, my lodge, my home.

Because, when ill luck, misfortune or bereavement comes, the man I buy from is here with his kindly greeting, his words of cheer and his pocket-book, if need it.

Here I live and here I buy.—EX.

Straw hats cheap at Fish's, Saturday.

The hot wave that has had the country in its grasp for past week or more has caused many deaths throughout the northern states has not been so severe here in the mountains. The hottest day in Mt. Vernon this summer was last Sunday when a government standardized thermometer registered 90 in the shade. The weather has been ranging between 80 and 88 for several days, with cool nights. Compared with other localities it shows that our county is a good summer resort and had we good roads there would be a large number of visitors by rail and autos every summer.

FARM FOR SALE:—I desire to sell my farm of about 200 acres, with good houses, and in good state of cultivation, located four miles south of Mt. Vernon, near Wabed post office. A desirable place and if sold at once will sell at a bargain.

R. P. NORTON,

July 5.-31, Wabed, Ky.

H. J. Mullins is losing sleep at night, on account of the incessant racket, kept up by his Irish potatoes "scrouging" over room in which to grow. He says they are badly crowded and probably it may prove a similar case, to "Carter and his oats" when his crop was so prolific, he was obliged to rent extra ground, from his neighbors on which to stack part of his crop, after using up all of his own land for that purpose.

"The Kentucky Society, of Texas" was organized at Fort Worth, Texas, June 1st 1912 with 75 charter members. Rockcastle furnishing one member in the person of W. J. Newcomb. The new organization of Kentuckians has an other object in view, in addition to social features. They have ambitious plans, and hope to increase the membership, to five or six thousand Kentuckians in Texas enrolled as members of the society. They expect to charter special trains, to come back to Kentucky for a home visit, to establish a home for destitute Kentuckians and it will be the aim of the society to see that no Kentuckian is neglected, in the state. On June 27th the society held a night picnic, at Lake Como park, in which, Kentuckians to the number of over a hundred mingled and mixed and swapped, everything from yams to jack knives. It was a regular Kentucky picnic. There was neither frills nor furbelows, but a plenty to eat, brought in baskets. All the Kentucky products were there, from horse talk and hospitality to fried chicken and biscuit. The h. t. gave out after awhile, but the hospitality and the fried chicken and biscuit lasted throughout the night. Each member wore a light blue ribbon, with the name and seal of the society printed thereon. The seal is made up of combination, of the state seals of Kentucky and Texas. Of course the meeting was opened and closed with "my Old Kentucky Home." There were other songs also. Every Kentuckian now knows a lot more Kentuckians in Fort Worth, than he did before.

Among the charter members appear the names of W. F. Merrih of Garrard county, Miss Ella Smith daughter of the late John W. Smith of Paint Lick, also J. B. Burnside of Bryantsville, who runs an extensive hardware business in Fort Worth. A Kentucky barbecue will take place in September. W. J. Newcomb, whose address is Route 4, Box 69 G. Fort Worth, Texas, is desirous of obtaining the address of every native of Rockcastle who is now residing in Texas, so he may send them application blanks to become members of the new society. Any of our people who know these addresses will confer a favor by notifying Mr. Newcomb, or if more convenient advise manager of telephone exchange Mt. Vernon, who will forward the information promptly.

County teachers Institute begins July 29.

In view of the great amount being expended by the BRODHEAD FAIR, this season, for FREE attractions, the association has decided to issue NO COMPLIMENTARY tickets to advertisers and others, as has been the custom to do. The association knows that they will be able to give to every one attending, the worth of his twenty five cents, and it being such a little matter, and the attractions being so expensive, the company will not issue any complimentary whatever.

The locomotive for use in and around the (Kaypee) Kentucky Portland Cement and Coal Co's works at Pine Hill, has arrived. The company has a movement on foot looking toward making arrangements for having this engine make daily trips, between Pine Hill and Mt. Vernon, for the accommodation of the company's employees, who wish to have their residence in this place. The Kaypee folks are showing a liberal spirit, in its efforts to extend accommodations and conveniences to its workers.

The I. X. L. Wild West show landed in town last Saturday on schedule time. A fairly good crowd had gathered to witness the performance but just before the appointed hour to start, there was a great commotion inside the tent, when the reserved seats department gave way, throwing all the occupants to the ground. For a time, it seemed, from the screams of women, crying of children and groans of men and boys that every one who had gone down were injured more or less, but fortunately all escaped without any serious injury, save a severe jolting up, except two, R. B. Mullins, who suffered a mash of the ankle and leg, and little Fanny McFerron, daughter of R. L. McFerron a slight fracture of one of the bones of lower limbs. Both are doing very nicely. Failing to effect a compromise with Mr. Mullins, he filed suit against the show people for \$2000 damages and an attachment was placed upon the entire outfit, but investigation proved that the show was in such condition that there was little chance of recovering anything, the attachment was released and the show went its way rejoicing. The suit is still pending and will be tried at the August term of circuit court.

LIVINGSTON, KY.

In compliance with the desire of a devoted father and mother, to their first born, we pen these few lines in memory of that young life which came to bless the home, of Dr. and Mrs. Lee Chestnut, but which so soon went out. The intense suffering which the mother endured, for weeks when her life seemed to be held only by a brittle cord, was alleviated in a measure by that hope of what the future would bring. Although it was only an earthly angel soon to join the angels on high yet, to that father and mother, the loss is irreparable. Only those who have had the experience can know the extent of such a loss.

Housework Drudgery!

Housework is drudgery for the weak woman. She crushes, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of pain, possibly dizzy feelings. Sometimes rest in bed is not refreshing because the poor tired nerves do not permit of refreshing sleep. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription, and as Mrs. Briggs and others testify: **It Makes Weak Women Strong and Sick Women Well.**

This "Prescription" removes the cause of women's weaknesses, heals inflammation and ulceration. It tranquilizes the nerves, encourages the appetite and induces restful sleep.

Dr. Pierce is perfectly willing to let every one know what his "Favorite Prescription" contains, a complete list of ingredients on the bottle wrapper. Do not let any druggist persuade you that his unknown composition is "just as good" in order that he may make a bigger profit.

Mrs. BRIGGS, of 22 N. Washington St., Delphos, Ohio, writes: "Having taken your 'Favorite Prescription' for a bad case of intestinal disease and constipation with woman's tils, for which I was almost unable to do anything, I think I am safe in saying that there are no remedies in the world like Dr. Pierce's Favorite Prescription and 'Purifying Lotion Tablets.' I am now enjoying the best of health, and thank Dr. Pierce for his wonderful medicines which have done me a world of good."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

Young Women

Read what Cardui did for Miss Myria Engler, of Faribault, Minn. She says: "Let me tell you how much good Cardui has done me. As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I was so weak that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

TAKE The CARDUI Woman's Tonic

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble.

A tonic is needed to help you over the hard places, to relieve weakness, headache, and other unnecessary pains, the signs of weak nerves and over-work.

For a tonic, take Cardui, the woman's tonic. You will never regret it, for it will certainly help you. Ask your druggist about it. He knows. He sells it.

THE DRUGGIST

That Tennyson or Longfellow could take a worthless sheet of paper and write a poem on it and make it worth \$75,000—that's genius and there are others who can write a few words on a sheet of paper and make it worth \$8,000,000—that's capital and this nation of ours can take an ounce and a quarter of gold and stamp upon it an Eagle-bird and make it worth \$20.—that's money and some of our young ladies will buy a hat for \$1.25 but prefer one that cost \$35.—that's foolishness. I might sign my name to a check for a \$1,000,000, but it wouldn't be worth a dime—that's rouse. But some people will tell you that they can serve you as well as Chink but—that's nonsense—try me.

Yours truly
